

STONE-FLECKS™

GREEN LINE Multi-Color Finishes For Countertops

Introducing...

**The industry's first "Green"
multi-color for countertops:**

-  V.O.C. Compliant
-  Environmentally Friendly
-  Easier Application
-  Superior Adhesion
-  Faster Dry Times
-  Multi-Color and Primer ALL in One

GREEN COATING

Stone-Flecks GREEN LINE is the first multi-color to go "Green". With the popularity and demand for earth friendly products in both national & international refinishing markets, Stone-Flecks GREEN LINE is environmentally friendly and meets the low V.O.C. requirements the industry is experiencing.

Refinishers are seeing an increase in business by promoting safer & environmentally friendly coatings in their advertising programs. Hotels, multi-family properties, and remodeling contractors are seeking applicators offering these products in their service to compliment their marketing strategy of being "Green" to their customers.

STONE-FLECKS™

GREEN LINE Multi-Color Finishes For Countertops

▶ MULTI-COLOR AND PRIMER ALL IN ONE

Stone-Flecks GREEN LINE multi-color finishes exhibit excellent adhesion qualities, eliminating the need for the primer step when refinishing counters and other laminate type surfaces. You simply sand, solvent wipe and spray on *Stone-Flecks* GREEN LINE multi-color finishes and enjoy a 30% savings on material and labor costs.

▶ CLEARCOAT IN LESS THAN 1 HOUR!

This super low V.O.C. formula contains patented drying agents to allow not only less dry times between coats, but also less time needed to wait until you can clear coat your counters. In most applications, *Stone-Flecks* GREEN LINE multi-color finishes are ready to block sand in 20 minutes and topcoat in 30 minutes, allowing you to prep and spray counters at the same time on the same day, eliminating a return trip. Decrease your customer's downtime to put the surface back into use and at the same time increase your productivity and your profits!

▶ EASY APPLICATION

With *Stone-Flecks* GREEN LINE multi-color finishes, application is fast, easy, and trouble free. Uniformity of color and texture are easily obtained by even novice applicators. *Stone-Flecks* GREEN LINE multi-color finishes also have increased hiding power to help control excessive mil thickness and product waste.

▶ COLOR SELECTION

Due to the unique formulation properties of *Stone-Flecks* GREEN LINE multi-color finishes, you can mix any color together to create a wide spectrum of popular colors to please your customers.
